

One Million Dollars Have Been Spent to Give Liquozone Free to the Sick.

We have bought a 50c bottle of Liquozone---and given it free to each of 1,800,000 sick ones. And we have spent over \$1,000,000, in one year to announce and fulfill this offer. May we buy *you* a bottle to show you the wonderful product which warrants an offer like that?

Before we bought the rights to Liquozone, we tested it for two years, through physicians and hospitals, in this country and others. We proved it in all kinds of germ diseases—in thousands of the most difficult cases obtainable. And we cured with it nearly every disease which was considered incurable.

We knew then that the product was of vital worth to humanity. We knew that everywhere there was sickness which Liquozone alone could cure, and suffering which nothing but Liquozone could stop. We knew that thousands died daily whom Liquozone could save.

But what was the best way to quickly let the sick ones know it? How could we get this help to them at once? How could we best convince them that Liquozone did what medicine never could do?

We decided to buy the first bottle and give it free to every sick one we learned of. We would let the product itself prove its power. So we published this offer again and again, in nearly every newspaper in America.

The result is that millions use Liquozone now. Your own neighbors, wherever you are, can tell you about it. And half the people one meets, in any part of America, know some one whom Liquozone has cured.

What Liquozone Is.

Liquozone is not a medicine. It is not made by compounding acids or drugs, nor is there any alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. Each cubic inch of Liquozone requires the use of 1,250 cubic inches of gas.

Liquozone is the result of a process, which, for more than 20 years, has been the constant subject of scientific and chemical research. The main result is to get into liquid, and thus into the blood, a powerful, yet harmless, germicide. Another result is to create a vitalizing tonic with which no other known product can compare.

Kills Inside Germs

The great value of Liquozone lies in the fact that it does what oxygen does. Oxygen is the vital part of air, the very

source of vitality. The most essential element of life. It is the blood food, the nerve food, the scavenger of the blood. It is oxygen that turns the blue blood to red in the lungs; that eliminates the waste tissue and builds up the new. Too little oxygen always causes lack of vitality. An excess of it gives strength to every function of Nature. Oxygen is also a germicide. The reason is that germs are vegetables; and an excess of oxygen—the very life of an animal—is deadly to vegetal matter.

Liquozone acts like oxygen. But it does more than oxygen, because it is stable. It carries its virtues into the blood to go wherever the blood goes. It is a remarkable tonic—the best thing in the world for you. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it can not kill.

The discoverer of Liquozone has solved the great problem of killing germs in the body without killing the tissues, too. And there is no other way. Any drug that kills germs is a poison, and it can not be taken internally. Liquozone is the only way that any man knows to end the cause of any germ disease.

Nine Nations

Now use Liquozone. The product is more widely employed than any medicine ever was; more widely prescribed by the better physicians. And no one can doubt that it is doing more for sick humanity than all the drugs in use combined.

We Paid \$100,000

For the American rights to Liquozone, and the British Liquid Ozone Co. paid the same sum for the rights in Great Britain. That is the highest price ever paid for similar rights on any scientific discovery.

We tell you this fact because it best indicates the value of Liquozone. Claims are easily made, but men of our class don't pay a price like that save for a product of very great worth to humanity.

Before making this purchase, we tested Liquozone for two years through physicians and hospitals in this country and others. We tried it in all kinds of germ diseases, in thousands of

the most difficult cases obtainable. We saw it cure hundreds of sick ones with whom everything else had failed. And we saw many a patient brought back from the verge of the grave by it.

We proved to the satisfaction of the best physicians that in germ troubles Liquozone did what nothing else could accomplish. We proved it to be of more value to sick humanity than all the drugs in the world combined. Then we staked our fortunes and our reputations on it.

Every member of this company uses Liquozone daily in his family to prevent sickness, and millions of others are learning to do likewise. Liquozone is now employed by hospitals everywhere, and by the physicians of nearly every nation.

Germ Diseases

These are the known germ diseases; all due to germs, or the poisons which germs create. These are the diseases to which medicine does not apply, for drugs can not kill inside germs.

All that medicine can do for these troubles is to act as a tonic, aiding Nature to overcome the germs. But those results are indirect and uncertain. They depend on the patient's condition. When drugs were prescribed for these troubles, nobody knew of germs. Now every good physician knows that they

call for a germicide.

Liquozone alone can destroy the cause of these troubles. It goes wherever the blood goes. No germ can escape it, and we have found no disease germ which can resist it. Diseases which have resisted medicine for years yield at once to Liquozone, and it cures diseases which medicine never cures. In any stage of any disease in this list, the results are so certain that we will gladly send to any patient who asks it an absolute guaranty.

- | | |
|---------------------|---------------------|
| Asthma | Hay Fever—Influenza |
| Abscess—Anemia | Kidney Diseases |
| Bronchitis | LaGrippe |
| Blood Poison | Liver Troubles |
| Bright's Disease | Malaria |
| Bowel Troubles | Neuralgia |
| Coughs—Colds | Many Heart Troubles |
| Consumption | Pneumonia |
| Colic—Croup | Pleurisy—Quinsy |
| Constipation | Rheumatism |
| Catarrh—Cancer | Scrofula—Syphilis |
| Dysentery—Diarrhoea | Skin Diseases |
| Dandruff—Dropsy | Stomach Troubles |
| Dyspepsia | Throat Troubles |
| Eczema—Erysipelas | Tuberculosis |
| Fevers—Gall Stones | Tumors—Ulcers |
| Goitre—Gout | Women's Diseases |

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

One Full-Size Bottle Free.

If you used Liquozone, and have never tried it, we ask you to send us the coupon below. We will then send you an order on a local druggist for a 50c bottle, and will pay the druggist ourselves for it.

We have already done this with 1,800,000 people, and it has cost us over one million dollars to announce and fulfill the offer. Don't you realize that a product must have wonderful merit when we spend \$1,000,000 just to let the sick try it?

That is our only method of making Liquozone known. We publish no testimonials; we tell you of none it has cured; we use no physician's endorsement. We prefer to ask you to try it, at our expense. Then judge for yourself what it does.

If you have already used Liquozone, this offer, of course, does not apply to you. But if you have not used it—if

you don't know its results—please send us this coupon today. Do that in justice to yourself. The acceptance of this offer places you under no obligations; and it will introduce to you a product better than anything else in the world for you.

Liquozone costs 50c and \$1.
